- C. Provider will limit access to Customer Data, including student education records and PII, to only those employees, contractors, and agents who need access to operate, develop, support, or improve the programs and services offered by and/or through Provider. Customer will specify the records that must be preserved and/or the type/nature of the ESI to be preserved. Provider acknowledges its duty to preserve all ESI in response to a litigation hold request and will comply with the request and maintain all relevant ESI until Customer notifies Provider in writing that the Litigation Hold has been lifted/released. If this Agreement expires or is terminated, and a Litigation Hold is in place, Provider will delay the deletion of Customer Data, including such records/ESI, for six (6) months following the expiration and/or termination of the Agreement, so Customer can work with Provider to ensure the data covered by the Litigation Hold is properly preserved and its integrity maintained according to the Litigation Hold and in a way acceptable to the applicable court and other parties to the litigation. Provider will not charge Customer any additional fees to maintain records under a Litigation Hold.

- D. If a data breach results in disclosure of Customer Data to an unauthorized party, after Provider completes its investigation and takes steps to prevent further disclosure, Provider will provide Customer with a written investigation summary detailing the findings (including the Customer Data disclosed, used, and/or accessed) and, if appropriate, steps to be taken by the Parties to prevent a future breach.
